Students entering Ontario universities today have access to a growing variety of world-class electronic information resources that are accessible to them 24x7x365. Our libraries are leaders in transforming traditional library services by adopting innovative technological solutions such as ScholarsPortal, a shared gateway to scholarly resources and RACER, a province-wide interlibrary loan service. Through these resources and services our libraries are preparing students for today's world of information. Our libraries also provide a wide array of unique resources, services, and facilities. K2 - Key Performance Indicators, Employment Rate of 2009 Graduates in Undergraduate Programs

Program	Employment Rate (2 years)	Employment Rate (6 months)
Business & Commerce		
Humanities		
Other Arts & Science		
Social Science		
OVERALL AVERAGE		

Employment Rates: The employment rate is defined as the number of employed persons expressed as a percentage of the labour force where the labour force is those persons who were employed, or unemployed but looking for work. To determine employment rates of recent graduates, Ontario universities conducted a survey of all 2009 graduates of undergraduate degree programs. Graduates were asked questions regarding their employment situation six months and two years after graduation.

K2A - Key Performance Indicators, Degree Completion Rate for Undergraduate Cohort, Fall 2002, New Year 1 Students

Program	Graduation Rate
Business & Commerce	
Humanities	
Other Arts & Science	
Social Science	
Overall Average	

Graduation Rates: The MTCU has calculated graduation rates using a single entering cohort of students and determining whether or not they graduated within seven years. The methodology employed involves the selection of all new full-time, Year One undergraduate students on the official Fall 2002 enrolment file, who have a valid (and unique) student ID number, and were seeking either a bachelors or first professional degree. The subset was then matched against the records for students who received a degree (in any program) from the same institution during the most current seven year period (2002 to 2009).

K2A2 - Key Performance Indicators, Degree Completion Rate for Undergraduate Cohort, New Year 1 Students

Type	Number of Students
New full-time year one undergraduate students enrolled in fall 2002	
Students reported above who graduated by 2009	

K3 - Retention Rates, 2010

Year	Retention Rate
Year 1 to Year 2	

Retention rate: Report the percentage of first-time, full-time first year students in a given fall term who returned to the institution in the next fall term.
