

Milestones in Catholic-Jewish Relations (includes Powerpoint)

Dear colleagues and friends:

The Interfaith Department of Scarboro Missions (Toronto, Canada) is pleased to announce the publication of our new and expanded “**Milestones,**” which chronicle the great advances in Catholic-Jewish relations since the Second Vatican Council of the 1960s. This is an excellent and up-to-date teaching tool with a capacity to reach a variety of audiences.

The Milestones initiative includes three components, which complement each other and enhance the overall learning experience:

- 1. [a Web document](#), which provides brief summaries of each of the Milestones, together with live Internet links to the full text of the documents referenced or to video of the events described. This document also includes photos of many key moments in that development ([also available in French](#))
- 2. [an accompanying Powerpoint \(PPS\) presentation](#), richly illustrated with photos of significant events, which can be easily downloaded and used with classes or small discussion groups;
- 3. the Milestones in [downloadable PDF \(Adobe Acrobat\) format](#), suitable for printing and distribution, and designed to be used in conjunction with the Powerpoint presentation.

We would be grateful to you if you could forward this announcement and link through your communities and networks, to colleagues and students, and for use in newsletters, bulletin boards, websites, mailing lists, listserves, blogs, Facebook pages, Twitter feeds, etc. We would appreciate whatever you can do to help the Milestones reach the broadest possible readership.
