## Born Free and Equal: Global Human Rights History

What are human rights?  
Where do they come from?  
Who has fought for them?  
Are they truly universal?

These are just some of the questions we consider in **History 3894E**.

**Global Human Rights History** explores the origins and evolution of the concept of rights, the revolutionary developments that led to the international human rights laws we have today, and the obstacles that exist to prevent the universal enjoyment of these rights.
