  - Officers in non-governmental organizations
  - Employees in financial services

**A Place to Be, A Place to Become**

Examples of places where our graduates have gone after graduation:

**Program Highlights:**

- An excellent selection of courses across all the fields of politics:
  - international relations, Canadian politics, political theory, comparative politics, public policy. New course clusters in Canadian and international law and critical security studies
- Acquire the skills you need to succeed: autonomous thinking, persuasive argumentation, and critical communication; the ability to interpret quantitative and qualitative data
- Experimental learning opportunities locally, nationally and internationally, including London, the United States, Europe and Africa
- Professors who are active researchers and bring their latest work into the classroom for an education about issues that matter
- Mentorship from professors who care about student success. You might end up working as a Research Assistant
- Travel with the very active King’s Political Science Students’ Association to cities like Washington, Boston and Ottawa. Meet guest speakers and get plugged into professional networks at alumni events
- Opportunities to be a leader at King’s and learn how to be one after King’s. Participate in student government, be an executive in the Political Science club, or take a leading position for an in-class simulation

**What is Political Science?**

Political Science provides students with an exciting and wide-ranging introduction to the world of political ideas, systems and events. It promotes critical thinking, persuasive communication and innovative analysis of real problems facing us today. By combining classroom and experiential learning, with skills-development, Political Science students can become engaged citizens who are prepared for the professional world and leadership opportunities.
Every political science student at King’s has the opportunity to:

- Attend summer academic sessions.
- Participate in local, national and international internships.
- Take on a leadership position in a student-run organization.
- Attend the STARS Learning Lab.
- Attend the Political Science Students Association’s annual conference.
- Engage in volunteer work and support your community at King’s.
- Take part in the Undergraduate Research Symposium.
- Pay it back by serving as a KAMP assistant.
