LENT

February 14 to March 23, 2024

Lenten Family Resource

What?

This year during the season of Lent, we are encouraging families to focus on creating a prayer space for their Lenten journey and spending some time together with God's Word.

When?

The yearlong begins on February 14 (Ash Wednesday) and ends March 29th (Good Friday).

We will be adding another element to our prayer space every Sunday during that time and will be transforming it during the Easter Season to follow.

How often you use the space to encounter God's Word during this time is up to you and your family. We recommend choosing a regular day and time to read a Scripture story together to make it easier to remember and follow through but if you forget, or fall behind in the busyness, it is never too late to come back.

Why?

During Lent, we are called to make space in our lives for praying, fasting and giving. This resource will help serve as a regular call to prayer that suits the spiritual needs of young families. It also requires you to give of your time, which can often be a most precious resource in the busy schedule of families. This may also require you to give up other uses of your time to make space in your day and in your hearts. It can be so hard to find the time and space but the more room we make for God in our family life, the closer we are able to draw to that incredible heart of mercy that awaits us. This is the beauty of Lent!

How?

If you have a family member age 4-7 who is coming to Children's Program on Sundays during the Lenten season, they will be receiving their candle to add to your family prayer space every week.

If you don't fall into that category, you may wish to collect your candle and decorating materials at home.

Follow the weekly instructions below to create a "Lenten Desert" for your family prayer space and use it as your reminder to gather together and read Scripture this Lenten season.
