International Exchange Program

King's International Exchange Program offers opportunities to study internationally for one term or a full year, earning credits towards your degree.

Benefits of Going on Exchange

- Gain global perspective
- Expand your personal and professional networks
- Immerse yourself in a different culture

Program Details

- Study courses in your subject area at an international partner university and transfer these course credits back to your Western degree
- Pay regular tuition to King's, not international fees
- Bursaries and scholarships available

Where Can I Go?

King's has partner universities in countries around the globe including Australia, Austria, China, France, Germany, Japan, Spain, Sweden, the United Kingdom, and more.
