

## Subject Line: Parking Update at King's – Increased Parking Options for Students

We understand that parking on King's campus can sometimes be challenging and we have been working to improve the experience for everyone. To address this, we are implementing changes to parking that will offer more parking spaces for students during peak hours.

The number of Guaranteed Parking Permits sold to students for 2025-26 will be reduced and the number of pay-per-use spots will be increased to offer more flexibility with parking on campus for all students. As a result, Guaranteed Student Parking Permits will be issued on a priority basis. Priority will be given to students who live outside of London city and transit limits and students living in King's residences.

The application for Guaranteed Student Parking Permits will open on **July 2<sup>nd</sup> at 9:00am** via the student's [myKing's](#) portal. Applications will be reviewed in date order on a priority basis. Students who meet the priority criteria will be sent an email confirming their application was accepted and will be provided with payment instructions. As of August 15<sup>th</sup>, any students who did not meet the priority criteria and submitted a parking application will be placed in a lottery system for the remaining permits.

If you do not receive a Guaranteed Student Parking Permit, there are more pay-per-use spots on campus than in previous years to provide students with the opportunity to park on campus with minimal issues. (see information below).

If you have any questions about the changes to parking on campus, please refer to our Parking page and our FAQ ([insert](#)).

Notes:

- To inquire about parking accommodations, please email [ACSD@kings.uwo.ca](mailto:ACSD@kings.uwo.ca).
- Paying for a parking session on HONK before you park on campus does not guarantee that a space will be available in the selected HONK zone. We recommend that you park and then pay, as there will be no refunds issued if you are unable to find a spot.
- Free street parking is available on Waterloo St., south of Epworth Ave. There is a time limit of two hours.

- All transactions are cashless.
